Q14: (David) Is it possible for Screen to also put their beamer in the cabinet?  
Q15: (Esther) AUCSA is paying for people to take classes somewhere else? Can the music committee also pay for lessons other places?  
Q16: (Eva) Suggestion: Big cabinet – there are storage places that can be used on every floor, on every strings, maybe those storage rooms can be used in stead of cabinets.  
Q17: (Phillip) Why do you need money for getting students to participate in external challenges when you're already getting a discount?

Q19: (Willem) Will Zen be more inclusive? More participants?  
Q20: (Rita) The challenge is for people to go out of AUC to do an event, is that OK when you are not allowed to give away free food?

#### *Hands on proposal*

Q31: (Hatty) Would you like to spend AUCSA money on Hands On fundraising?

Q32: (Hatty) We want to buy a tent large tent, is that possible?

Q33: (Hatty) Proposal: AUCSA gives 600€ to the fundraising

Q44: (Aqsa) Proposal: If AUCSA matches 600€ for charity, this will be a good amount to give to a charity.

Q35: (Job) Why don't ask AUC before deciding AUCSA should match it?

Q36: (Rita) People should be aware of spending money on charity, shouldn't be forced to do this.

Q38: (Anna) Propose a motion to treat this within the AUCSA board because it is less than 2000€.

Q37: (Sofia) It would be even worse to treat this in the AUCSA board than in the GA – less transparent.

Q38: (Jan-Paul) How can AUCSA approve the motion if the GA rejects this?

Q39: (Aqsa) The point was to get the GA's opinion, and as you said no, we will not pursue this further.

Q40: (Sofia) Who decided on the 2000€ limit that currently exists?

#### **ANSWERS AUCSA MEMBERS**

##### *Board Allowance:*

A1: (Jan-Paul) Be transparent about the allowance, the board should not care why people want to join AUCSA.

A2: (Dante) The committees should get the money, not the AUCSA board. Use the money for a party or distribute it amongst the committee-members. Especially because the AUCSA board said they did not want the money.

##### *Solace reallocation:*

A9: (Lia) have found locations that didn't ask any money, we thought now that we can ask for more money so that the graduation party (for example) can be improved.

##### *Yearbook reallocation:*

A11: (Ivana) We want 3<sup>rd</sup> years to vote over different subjects in the yearbook with a borrel, so that it will be nice to receive the yearbook.

*Zen reallocation:*

A13: (Eva) It's probably going to be very full. People might steel it even though we lock it.

A19: (eva and Alex) We have four classes every week, meditation and yoga, yoga between 10-15 people, meditation with around 8 participations. At least five events every week, people don't want to come because they don't own a yoga mat, that's why we want to buy yoga mats.

A20: (Alex) We did not intend for the challenge to be free. We could not offer the same in AUC, so it is natural to outsource it.

A32: (Hatty) Syria and the voedselbank. Want to go to that.

A33: (Lisa) Want to make it a measure to increase participation.

A34: Comment to A33: (JP) it is every euro you give you loose a euro, because it's your money that is matched.

A40: (Lia) Solace reallocates a lot of money often, and it would be very inconvenient to have GA's for all the reallocations.
